JUWO RENTS AFFORDABLE
ACCOMODATION TO YOUNG
ADULTS PURSUING THEIR
STUDIES OR APPRENTICE-
SHIP – WHETHER AS A
FLAT-SHARE OR AS A SINGLE
PERSON.

A PARTNERSHIP WITH JUWO BRINGS:

- social commitment for young adults pursuing their studies or apprenticeship
- guaranteed rent payments, no collection effort
- security of move-out on the agreed date, no risk of occupancy
- professional head office with a direct JUWO contact person
- reduced administrative workload, no management costs
- situational support for responsible coexistence through our tenant counseling

As a non-profit, self-funded organization we build on a simple, trust-based and reliable business. Since 1983, JUWO has been supporting young adults living independently for the first time. A new flat-share receives initial training before tenancy begins.

This covers the rights and duties of living as well as how to deal with the neighborhood and infrastructures. JUWO rents or develops living spaces and is a leader in interim use.

In partnership with building cooperatives, institutions, companies and private individuals, we manage properties ranging from individual apartments to housing estates.
